

YOUR ONE PAGE BUSINESS PLAN

Creating a business plan does not have to be overwhelming. Begin with the basics to see if you are missing anything in starting your business.

What's your idea?

Who's going to buy what you're selling?

How will you supply what you're selling and what will it cost ?

Will you make a profit? When and how much?

How much money will you need to start your business and where will you get it?
